Customer Problem Statement

Many people find it difficult to start meaningful conversations and build professional connections during networking events. They often lack confidence, relevant discussion topics, and reliable information. Our Personalized Networking Assistant addresses this problem by generating personalized conversation topics, providing fact-checked information, and helping users network more effectively.

I am	Describe customer with 3-4 key characteristics - <i>who are they?</i>	A student or professional attending networking events who wants to build meaningful connections.
I'm trying to	List their <i>outcome</i> or " <i>job</i> " the care about - <i>what are they trying to achieve?</i>	Prepare for networking events by finding relevant conversation topics and improving communication.
but	Describe what problems or barriers stand in the way - <i>what bothers them most?</i>	I struggle to start conversations and often lack confidence and suitable discussion topics.
because	Enter the "root cause" of why the problem or barrier exists - <i>what needs to be solved?</i>	I do not have personalized guidance or quick access to reliable information related to the event.
which makes me feel	Describe the emotions from the customer's point of view - <i>how does it impact them emotionally?</i>	Nervous, unprepared, and less confident while interacting with new people.

Example:

1. I am A student or professional attending networking events.	2. I'm trying to Prepare for networking events by finding relevant conversation topics and improving communication.	3. But I struggle to start conversations and often don't know what to talk about.	4. Because I don't have personalized guidance or quick access to relevant, reliable information.	5. Which makes me feel Nervous, unprepared, and less confident while networking.
